This is the latest bibliographic supplement in a series that was initiated following a review of British Triassic palaeontology (Warrington, 1976; *Proc. Ussher Soc.*, **3**, 341-353) and now contains over 700 items that reflect continuing interest and activity in the palaeontology of a succession that is usually regarded as unfossiliferous.

Previous supplements:

- 1-10:** 1977-1986, *Proc. Ussher Soc.*, **4**(1)-**6**(3).
- 11-33:** 1987-2009, *Albertiana* (the newsletter of the IUGS Subcommittee on Triassic Stratigraphy, available at <http://paleo.cortland.edu/albertiana/>).
- 34-35:** 2012, 2013, *Mercian Geologist* **18**(1), (2).
