Registered Charity No. 503617

Front cover: Croft Quarry, Charnwood Forest, seen from the air. The quarry produces strong aggregate stone from a pluton of the South Leicestershire Diorite, and also exposes sections through two Triassic wadis filled with Mercia Mudstone. See paper on page 166. Photo by Tim Cullen.

Back cover: Minerals of Golconda Mine. See notes on page 205. Photos by John Jones.

Contents

Mercian News 142
Geobrowser 143
The Record 146
From the Archives 147
